

Audience

This course is geared toward senior level residents and fellows who are training in musculoskeletal subspecialties and are preparing to go into clinical or academic practice.

Statement of Need

This course will provide graduate medical trainees with a knowledge base to assist them in making effective career choices as they are concluding their residency or fellowship training and preparing to enter medical practice. It will provide practical tips on how to find the appropriate practice setting and advice on how the trainee can effectively negotiate his/her place within that practice.

Objectives

At the conclusion of this course the participant should have an enhanced knowledge of:

- Various types of medical practice models
- How to conduct an effective search for a medical practice
- The elements of physicians' contracts
- How to effectively negotiate an employment agreement
- How to limit liability

Acknowledgement

Hospital for Special Surgery gratefully acknowledges funding support in part by Medical Liability Mutual Insurance Company (MLMIC)
