**TEACHER MAIL**  
2 of 2

**Dear Employees of Geisler & Gabriele,**

Wow! What a difference your gift has made in our classroom. The children are really enjoying having the new dry erase markers ! Thanks to your gift, I know that all of the children are now able to see the notes written on the board. The children have also enjoyed using the markers to write and illustrate beautiful pictures.

I know that your gift is something we will get a lot of use out of in the future as well. It makes me very happy to know I won't need to worry about purchasing new markers for a long time. Your gift will ensure children in my class are able to enjoy bright, vibrant educational displays!

**With gratitude,  
Mrs. R.**

Mrs. R. sent this note after the project was fully funded:

**Dear Employees of Geisler & Gabriele,**

It is so exciting to find out that you chose to fund my proposal " White Board Woes" ! Thanks to your generous gift, we will have a good supply of white board markers in our classroom. It is so nice to know that we will have the materials we need to ensure the children can see what we have written on the board. It is also wonderful to think of what beautiful illustrations we can make with all of the vibrant colored markers we will be receiving. Thank you for your kind and generous gift. It will be greatly appreciated by me, and all of my fabulous students!

**With gratitude,  
Mrs. R.**
